Torggler is passion!
For quality,
for innovation and
for professionalism!

“

Benno Pamer

A handwritten signature in black ink, appearing to read 'Pamer Benno', written over a light gray background.

160 YEARS HISTORY & TRADITION

We were born in 1865

We have more than 160 years of history and tradition and we feel younger and more dynamic than ever.

Torggler

We are a South Tyrolean company in the spirit, with which we look at our job, made of quality and precision.

We are international in our vision, because professionalism knows no boundaries.

We are manufacturers of technical building systems and products.

We provide assistance and solutions to those who, every day, work in the industry to improve the quality of people's lives.

1865

Established as a small family business, it rises to become one of the most important companies in the region.

Nowadays, it is an international producer for technical building materials.

2025

OUR CONSTANT: THE CHANGE

Constant research and development of our products has led us to where we stand today: for this reason we can say that experience has always been an added value of what we offer.

We can proudly say that the development of our products has been positively influenced by many years of research and experience. This is why, on the threshold of a new decade, we are implementing a high rate of digitization in our strategies and production. Only in this way we will be ready to look to the future with the same passion and confidence as ever.
