1. Primer and Cleaner

1. PRIMER AND CLEANER

SITOL® PRIMER GLASS

Primer formulated as a black pre-treatment for glass surfaces to provide a protective coating against UV radiation.

Code	Color	Packaging	Packaging size	Cat.	Price €/ pc
5684	 Black	metal bucket	250 ml	N1	60,00€

8030334056840

SITOL® PRIMER DECK CAULKING

Primer for sealants on wooden and porous substrates.

- Protection of teak wood
- Improving adhesion on wood substrates
- Pre-treatment of teak deck components
- Pre-treatment of substrates such as wood, GRP, epoxy primers, mineral substrates
- Avoids staining of absorbent substrates
- Ideal for immersion joints
- Compatible with wrinkled and Teflon-coated paints

The yield of Sitol® Primer Deck Caulking depends on the type of substrate and will be between 8 an 10m² per litre.

Code	Color	Packaging	Packaging size	Cat.	Price €/ pc
5664	 Transparent	metal bucket	500 ml	N1	64,30€

8030334056642

SMOOTH

Neutral smoothing agent based on amphoteric surfactants in aqueous solution, for professional surface finishing of connection joints and expansion joints made with silicone, acrylic and hybrid sealants.

- Ready to use
- Suitable for all types of sealants
- Improves the finish of joints
- Does not trigger microbiological growth

Depending on the laying technique: approx. 0.3 l/m²

Code	Color	Packaging	Packaging size	Pallet	Cat.	Price € / pc
5457	 Transparent	bottle	8x750 ml	46 cardboards	A5	19,00€
5731	 Transparent	canister	5 l	128 canisters	A5	15,75€/l

CLEANER FOR POLYURETHANE FOAMS

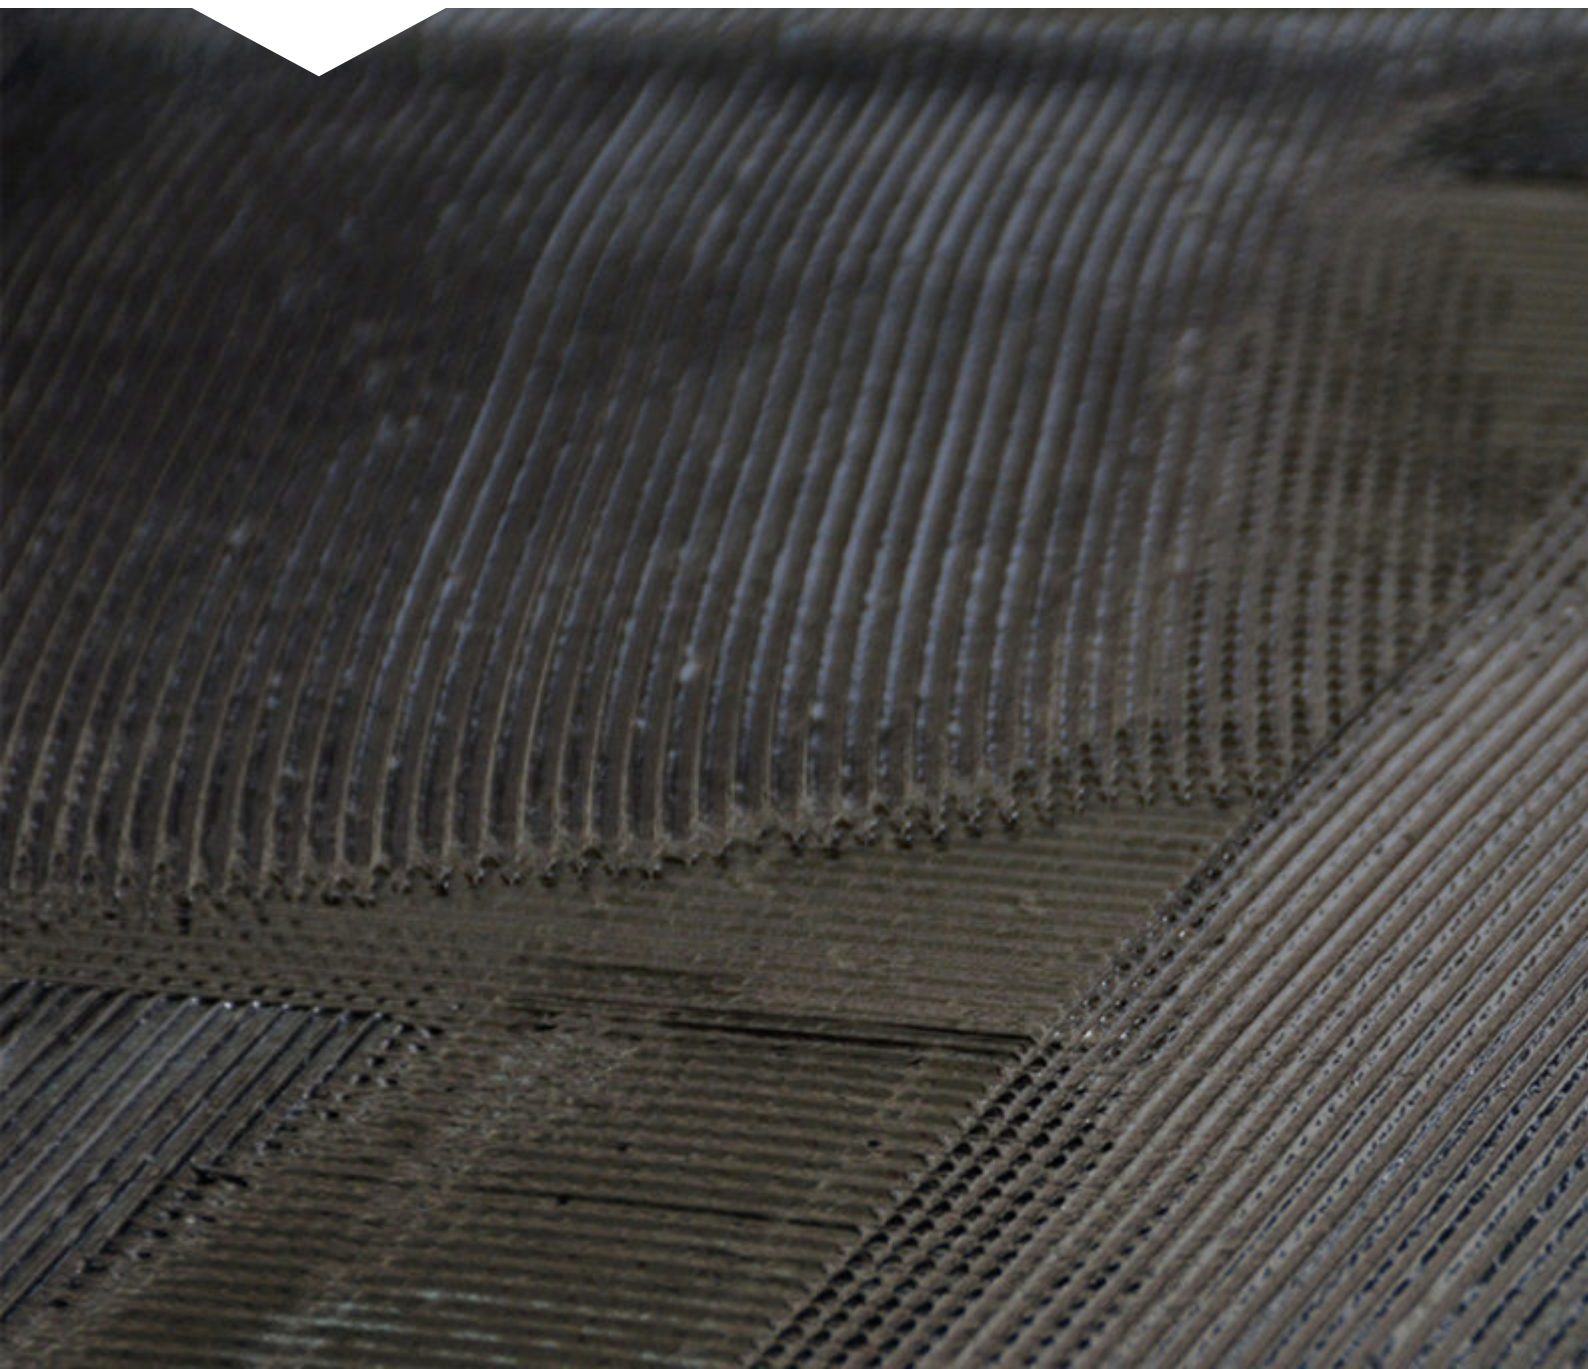

Spray cleaner for fresh polyurethane foam of any type and sealants.

- Easy application
- Fast action without residues
- Dual use: with gun or by means of the dispenser button
- Excellent for both gun and manual foam cans
- Allows multiple use of cans

Code	Packaging	Packaging size	Cat.	Price € / pc
15010	can	12 x 500ml	B1	10,25€

2. Adhesives

2. ADHESIVES

SITOL® META 45

A two-component, methacrylate-based structural adhesive with excellent thixotropic properties that enable the creation of vertical lines without dripping and medium curing time.

- Medium curing time
- Non-staining, application on vertical surfaces
- Excellent environmental resistance
- Minimal surface preparation
- High abrasion resistance

Code	Color	Bicomponent	Packaging	Packaging size	Cat.	Price €/ pc
8366	 Creamy	2 components	cartridge	12x490 ml	N1	58,00€

MANUAL GUN SITOL® META 45

Code	Packaging size	Cat.	Price €/ pc
15625	1 piece	M1	258,64€

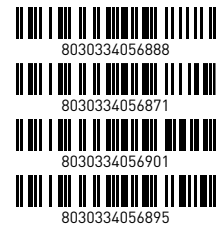

SITOL® M.E.D.

A high-performance structural adhesive and hybrid sealant for all types of applications in the marine industry specifically formulated for bonding and sealing mineral and organic glass.

- Resistant to UV, weathering, chemicals and salt water
- Solvent and isocyanate free: NOT requiring training according to Annex XVII of Regulation (EC) 1907/2006
- Compatible with marine industry materials on deck/bridges and under decks
- Permanently elastic within a temperature range of -40 °C to +100 °C

Code	Color	Packaging	Packaging size	Cat.	Price €/ pc
5688	White 9003	cartridge	12x290 ml	N1	20,40€
5687	Black 9005	cartridge	12x290 ml	N1	20,40€
5690	White 9003	foil bag	20x600 ml	N1	36,00€
5689	Black 9005	foil bag	20x600 ml	N1	36,00€

**SITOL® MARINE**

Fast hardening adhesive-sealant based on hybrid polymers with high initial adhesion.

- UV-, weather-, chemical- and saltwater-resistant
- Adheres to wet and immersed substrates
- Free of solvents and isocyanates. It does not require training according to Annex XVII of Regulation (EC) 1907/2006
- Compatible with marine industry materials on deck/main deck and below deck

Code	Color	Packaging	Packaging size	Pallet	Cat.	Price €/ pc
8384	White 9016	foil bag	50x80 ml	50 cardboards	N1	11,00€

5711	Black 9005	foil bag	20x600 ml	36 cardboards	N1	30,20€

SITOL® DECK BONDING LV

Low viscosity hybrid adhesive for bonding natural and synthetic teak decks.
Suitable for large surfaces.

- Easy application
- Excellent adhesion
- Long open time
- Adhesion without primer on all types of substrates
- Excellent resistance to UV, weathering, chemicals and salt water
- Suitable for large surfaces
- Solvent and isocyanate free: NO formation required according to Annex XVII of Regulation (EC) 1907/2006

Code	Color	Packaging	Packaging size	Cat.	Price €/ pc
5696	 Black 9005	foil bag	20x600 ml	N1	25,80€
5695	 Black 9005	bucket	2,5 l	N1	75,00€

**SITOL® DECK BONDING**

Hybrid polymer-based adhesive-sealant with extended open time for natural and synthetic teak.

- Excellent workability
- Adhesion without primer on all types of substrate
- Excellent UV, weather, chemical and saltwater resistance
- Solvents and isocyanates free: DOES NOT require training according to Annex XVII of Regulation (EC) 1907/2006

Code	Color	Packaging	Packaging size	Pallet	Cat.	Price €/ pc
5663	 White 9016	cartridge	12x290 ml	116 cardboards	N1	12,80€
5674	 Black 9005	cartridge	12x290 ml	116 cardboards	N1	12,80€
5668	 White 9016	foil bag	20x600 ml	36 cardboards	N1	27,50€
5686	 Black 9005	foil bag	20x600 ml	36 cardboards	N1	27,50€

STRONG

Super strong, hybrid polymer adhesive with high initial tack. No need of external mechanical fixture during hardening.

- Suitable for substrates subject to vibrations
- High mechanical resistance
- Resistant to atmospheric agents
- Adheres without primer even on damp substrates
- Paintable
- Suitable for installation of mirrors

Linear metres made from one cartridge: 6,4

Code	Color	Packaging	Packaging size	Pallet	Cat.	Price €/pc
8007	 White	cartridge	12x290 ml	104 cardboards	A4	14,86€

3. Sealants

3. SEALANTS

SITOL® DECK CAULKING

Hybrid polymer-based, sandable sealant for teak caulking.

- Sandable after hardening
- Excellent UV and ageing resistance
- High chemical resistance
- Excellent workability

Code	Color	Packaging	Packaging size	Pallet	Cat.	Price € / pc
5662	 Black 9005	cartridge	24x290 ml	64 cardboards	N1	20,60€
5673	 Black 9005	foil bag	20x600 ml	36 cardboards	N1	31,90€

SITOL® DECK CAULKING S

Neutral, sandable silicone sealant for teak caulking.

- Excellent UV and ageing resistance
- Excellent chemical resistance
- Excellent workability
- Sandable after hardening

Consumption per linear metre joint cross-section 5 x 5 mm: 50 ml

Code	Color	Packaging	Packaging size	Pallet	Cat.	Price € / pc
5693	 White 9016	cartridge	12x290 ml	116 cardboards	N1	17,90€
5691	 Grey 7012	cartridge	12x290 ml	116 cardboards	N1	17,90€
5660	 Grey 7040	cartridge	24x290 ml	64 cardboards	N1	17,90€
5708	 Black 9005	cartridge	12x290 ml	116 cardboards	N1	17,90€
5694	 White 9016	foil bag	20x600 ml	36 cardboards	N1	30,50€
5692	 Grey 7012	foil bag	20x600 ml	36 cardboards	N1	30,50€
5661	 Grey 7040	foil bag	20x600 ml	36 cardboards	N1	30,50€
5709	 Black 9005	foil bag	20x600 ml	36 cardboards	N1	30,50€

HEAT RESISTANT

Acetic silicone sealant for temperatures up to 300 °C.

- High resistance to heat
- Resistance to aging
- Resistant to UV rays
- Excellent for industrial plants

Consumption per linear metre joint section 10 x 10 mm: 100 ml
Linear metres made from one cartridge: 3,1

Code	Color	Packaging	Packaging size	Pallet	Cat.	Price €/ pc
6185	 Red 3013	cartridge	24x310 ml	64 cardboards	A2	12,40€

FIRE RESISTANT

Neutral silicone sealant with high fire resistance.

- High adhesion to smooth and porous substrates
- High resistance to UV rays
- Low elastic modulus
- Suitable for applications subject to fire regulations up to EI 240
- MEKO FREE formulation

Consumption per linear metre joint section 10 x 10 mm: 100 ml
Linear metres made from one cartridge: 3,1

Code	Color	Packaging	Packaging size	Pallet	Cat.	Price €/ pc
6766	 Grey 7045	cartridge	24x310 ml	64 cardboards	A1	18,55€

NEUTRAL

Transparent, neutral-curing silicone sealant for corner joints and glass.

- Low modulus of elasticity
- High ageing resistance to UV radiation and weathering
- Indoor and outdoor use
- High tightness
- Meko Free formulation

Consumption per linear metre joint section 10 x 10 mm: 100 ml

Linear metres made from one cartridge: 3,1

Code	Color	Packaging	Packaging size	Pallet	Cat.	Price €/ pc
6188	Transparent	cartridge	24x310 ml	64 cardboards	A1	9,67€
6523	Transparent	foil bag	20x600 ml	36 cardboards	A1	18,03€
6651*	-	drum	20 l	-	A1	29,61€/l

DOMUS

Neutral curing silicone sealant with anti-mould agent and low modulus of elasticity.

- High UV-resistance
- For indoor and outdoor use
- Elastic elongation over 25% from -50 °C to +150 °C
- Colour matching with cementitious tile grout
- Meko Free formulation

Consumption per linear metre Joint section 10 x 10 mm: 100 ml

Linear metres made from one cartridge: 3,1

4. Additional Products

4. ADDITIONAL PRODUCTS

EPOXY

Two-component epoxy protection coating.

- Solvent-free
- Resistant to chemicals
- High thickness also in vertical

Consumption: 600 - 800 g/m²

Code	Color	Bicomponent	Packaging	Packaging size	Cat.	Price €/ kg
5487	 Grey	2 components	bucket	4x3 kg	C3	28,55€

EMULSIONE EPOSSIDICA 723

Protective, water-based, type C, two-component epoxy resin paint, according to EN 1504-2.

- Water-based (solvent-free and non-flammable)
- High abrasion resistance
- Good resistance to chemical agents

Consumption: 150 g/m²/layer

Total consumption: 400 - 800 g/m²

Code	Color	Bicomponent	Packaging	Packaging size	Cat.	Price €/ kg
5483	 Grey	2 components	bucket	4x3 kg	C3	22,95€
5484	 Red	2 components	bucket	4x3 kg	C3	22,95€
5482	 Ivory	2 components	bucket	4x3 kg	C3	22,95€

FIRE RESISTANT

Polyurethane foam with high resistance to fire.

- Fire resistance up to EI 120
- Essential in the installation of fire doors
- Ideal for applications subject to fire regulations
- Ideal for mounting electrical junction boxes/plants

Yield in litres free expansion: 41 l

Linear metres achieved with one tank: 40
